

How the Member to Member Program Works:

1. Contact the Chamber of Commerce to request Member to Member cards for the **total** number of employees in your business. (see sample card above)
2. Once the Member to Member cards have been signed by the company owner/manager, they are good for the next year. Each card is stamped with an expiration date. Bring the card to any of the businesses listed in this pamphlet to take advantage of special discounts and incentives.

You may want to make copies of this pamphlet available to your employees. We encourage you to leave it in an accessible place so that your entire company can take advantage of the program.

The Member to Member Program is open to all Chamber of Commerce members. Your business is **not** required to offer a discount in order to receive the discounts; however, we certainly invite and encourage you to participate. If you would like to offer a discount or special incentive to fellow Chamber members and their employees please call the Chamber to sign up today.

Thank you for supporting not only your local Chamber of Commerce, but your fellow members and local businesses.
